Forecourt Catalogue
McCowan Forecourt

Maximizing space, ensuring security and displaying products in an exterior or forecourt area can be challenging for C-Store & Gas Bar retailers.

McCowan offers a wide range of attractive and durable forecourt products that maximize the use of space, are easy to maintain, are secure and provide easy access to merchandise and services.

Benefits include:
• Waste disposal units, windshield service units, windshield & washer fluid/oil merchandisers are functional, heavy duty, weather resistant, flexible and secure
• Fabricated from high quality, UV and temperature resistant resin to prevent fading
• Doors are designed to prevent jamming caused by ice
• Units are designed to combat the effects of water and salt by using high quality stainless steel and satin-coated metal and finished with a durable powder coat
• Large removable liners and lids are constructed to minimize contact with the unit. Paper towels dispense easily
• Offered in a variety of colours and sizes
